

double pro®

Continuous Hanger™ with Built-In Gutter Guard

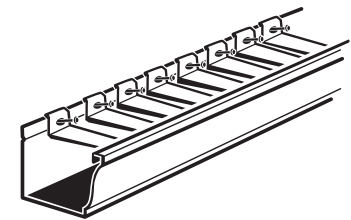

- **Gutter system for new rain gutters in debris-prone areas**
- Lifetime sturdiness and clog-free warranty, including coverage for pine tree debris
- Blocks fine debris like pine needles
- Supports up to 425 lb per linear foot
- Protects gutters year after year from ice and snow weight
- Drains up to 40 inches of water per hour
- Features UV protection to prevent cracks and corner leaks

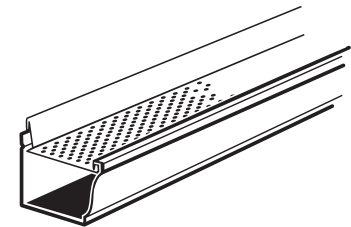

Continuous Hanger™ : Explained

Rain gutters are commonly installed with spaced hangers that cause weak spots on the gutter between each hanger.

To avoid weak spots, hundreds of hangers would need to be added, but this is not a very efficient practice..

With a continuous hanger™, the rain gutters are reinforced along their entire length.

t rex®

Standard Continuous Hanger™

- **Gutter system for new rain gutters**
- Lifetime sturdiness warranty and 25-year clog-free warranty
- Supports up to 250 lb per linear foot
